3. EXPRESSION OF OPINION

I have examined the financial condition and valued the policy and claims liabilities of GKICL for its balance sheet as at December 31, 2019 and the corresponding change in the policy and claims liabilities in the statement of operations for the year then ended. I meet the appropriate qualification standards and am familiar with the valuation and solvency requirements applicable to general insurance companies in Jamaica. I have relied upon PriceWaterhouseCoopers for the substantial accuracy of the records and information concerning other liabilities, as certified in the attached statement.

The results of my valuation together with amounts carried in the Annual Return are the following:

Claims Liabilities (J\$000)	Carried in Annual	Actuary's
	Return	Estimate
Direct unpaid claims and adjustment expenses:	3,311,579	3,321,224
Assumed unpaid claims and adjustment expenses:	0	0
Gross unpaid claims and adjustment expenses:	3,311,579	3,321,224
Ceded unpaid claims and adjustment expenses:	673,075	689,575
Other amounts to recover:	0	0
Other net liabilities:	0	0
Net unpaid claims and adjustment expenses:	2,638,504	2,631,649

Policy Liabilities (J\$000)	Carried in Annual	Actuary's
	Return	Estimate
Gross policy liabilities in connection with unearned premiums:		1,277,094
Net policy liabilities in connection with unearned premiums:		1,196,274
Gross unearned premiums:	2,814,697	
Net unearned premiums:	1,632,708	
Premium deficiency:	0	
Other net liabilities:	0	

In my opinion:

- The methods and procedures used in the verification of the data are sufficient and reliable and fulfill acceptable standards of care;
- (ii) The valuation of policy and claims liabilities has been made in accordance with generally accepted actuarial practice with such changes as determined and directions made by the Commission;
- (iii) The methods and assumptions used to calculate the policy and claims liabilities are appropriate to the circumstances of the company and of the said policies and claims;
- (iv) The amount of policy and claims liabilities represented in the balance sheet of Jamaica International Insurance Company Limited makes proper provision for the future payments under the company's policies and meet the requirements of the Insurance Act and other appropriate regulations of Jamaica;
- A proper charge on account of these liabilities has been made in the statement of comprehensive income;

 There is sufficient capital available to meet the solvency standards as established by the Commission

Independent auditor's report on the summary financial statements

To the Members of GK General Insurance Company Limited

Our opinion

In our opinion, the accompanying summary financial statements of GK General Insurance Company Limited (the Company) are consistent, in all material respects, with the audited financial statements, on the basis described in note 2.

The summary financial statements

The Company's summary financial statements derived from the audited financial statements for the year ended 31 December 2019 comprise:

- the statement of financial position as at 31 December 2019;
- the statement of comprehensive income for the year then ended;
- the statement of changes in equity for the year then ended;
- the statement of cash flows for the year then ended; and
- the notes to the summary financial statements.

The summary financial statements do not contain all the disclosures required by International Financial Reporting Standards. Reading the summary financial statements and the auditor's report thereon, therefore, is not a substitute for reading the audited financial statements and the auditor's report thereon. The audited financial statements and the summary financial statements do not reflect the effects of events that occurred subsequent to the date of our report on the audited financial statements.

The audited financial statements and our audit report thereon

We expressed an unmodified audit opinion on the audited financial statements in our report dated 31 March 2020.

Responsibilities of management for the summary financial statements

Management is responsible for the preparation of the summary financial statements on the basis described in note 2.

Auditor's responsibility

Our responsibility is to express an opinion on whether the summary financial statements are consistent, in all material respects, with the audited financial statements based on our procedures, which were conducted in accordance with International Standard on Auditing 810 (Revised), 'Engagements to Report on Summary Financial Statements'.

Notes to the Summary Financial Statements **31 December 2019**

(expressed in Jamaican dollars unless otherwise indicated)

1. Identification and Activities

- (a) GK General Insurance Company Limited (the company) is a limited liability company incorporated and domiciled in Jamaica. The immediate parent company is GraceKennedy Financial Group Limited, and its ultimate parent company is GraceKennedy Limited. Both companies are incorporated and domiciled in Jamaica. The company also has issued preference shares, which are held by fellow subsidiary, GraceKennedy (St. Lucia) Limited.
- (b) The registered office and principal place of business of the company, and its ultimate parent, is located at 73 Harbour Street, Kingston, Jamaica.

The company is licensed to operate as a general insurance company under the Insurance Act, 2001. Its principal activity is the underwriting of general insurance business. The company issues insurance contracts in territories outside of Jamaica through brokers GK Insurance Brokers Limited (Turks & Caicos) and Cabrits Insurance Agency (Commonwealth of Dominica).

2. Basis of preparation

The summary financial statements have been extracted from the full financial statements, and prepared in accordance with Practice Statement 2016-01 issued by the Institute of Chartered Accountants of Jamaica and the guidance on the publication of abridged financial statements issued by the Financial Service Commission. The full financial statements as at and for the year ended 31 December 2019 were authorised for issue by the Board of Directors on 31 March 2020. Those financial statements have been prepared in accordance with IFRS, and contain an explicit and unreserved statement of compliance with IFRS.

The summary financial statements do not include all the disclosures provided in the full financial statements and cannot be expected to provide as complete an understanding as provided by the full financial statements. The full financial statements are available on the company's website at www.gkgeneral.com.

The full financial statements have been audited by PricewaterhouseCoopers who, in their report dated 31 March 2020, expressed an unmodified opinion in relation to those full financial statements.

The company has applied the following standards for the first time for their annual reporting period commencing 1 January 2019:

- IFRS 16, Leases
- Annual improvements 2015-2017 Cycle
- Amendments to IAS 19, 'Employee benefits' on plan amendment, curtailment or settlement'
- IFRIC 23, 'Uncertainty over income tax treatments'

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of IFRS 16, Leases. The nature and effect of the changes as a result of adoption of this new accounting standard is described below.

The other amendments and interpretation listed above did not have any impact on the amounts recognised in the prior period and are not expected to significantly affect the current or future periods.

Notes to the Summary Financial Statements **31 December 2019**

(expressed in Jamaican dollars unless otherwise indicated)

2. Basis of preparation (continued)

IFRS 16 'Leases'

The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to recognise most leases on the statement of financial position.

The company has adopted IFRS 16 Leases retrospectively from 1 January 2019 but has not restated comparatives for the 2018 reporting period, as permitted under the specific transition provisions in the standard. The reclassifications and the adjustments arising from the new leasing rules are therefore recognised in the opening statement of financial position on 1 January 2019. The company applied the simplified transition approach that allows the measurement of the right-of-use assets at the amount of the lease liability on adoption (adjusted for any prepaid or accrued lease expenses). The new accounting policies are disclosed in Note 2.

On adoption of IFRS 16, the company recognised lease liabilities in relation to leases which had previously been classified as 'operating leases' under the principles of IAS 17 Leases. These liabilities were measured at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate as of 1 January 2019. The weighted average lessee's incremental borrowing rate applied to the lease liabilities on 1 January 2019 was 6.25%.

In applying IFRS 16 for the first time, the company has used the following practical expedients permitted by the standard:

- applying a single discount rate to a portfolio of leases with reasonably similar characteristics
- relying on previous assessments on whether leases are onerous as an alternative to performing an impairment review there were no onerous contracts as at 1 January 2019
- accounting for operating leases with a remaining lease term of less than 12 months as at 1 January 2019 as short-term leases
- excluding initial direct costs for the measurement of the right-of-use asset at the date of initial application; and
- using hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

The company has also elected not to reassess whether a contract is or contains a lease at the date of initial application. Instead, for contracts entered into before the transition date the company relied on its assessment made applying IAS 17 and IFRIC 4, Determining Whether an Arrangement Contains a Lease.

Notes to the Summary Financial Statements 31 December 2019

(expressed in Jamaican dollars unless otherwise indicated)

2. Basis of preparation (continued)

IFRS 16 'Leases' (continued)

The following line items were affected as a result of adoption of this new accounting standard at the date of initial application, 1 January 2019:

	IAS 17 31 December 2018 \$'000	IFRS 16 adjustments \$'000	IFRS 16 1 January 2019 \$'000
Statement of financial position (extract) Assets			
Property, plant and equipment		166,461	166,461
Liabilities and Shareholders' Equity Liabilities Lease liabilities		166,461	166,461
Lease nabilities		100,401	100,401
Shareholders' Equity Retained earnings			
		166,461	166,461

The lease liabilities as at 1 January 2019 can be reconciled to the operating lease commitments as of 31 December 2018, as follows:

Operating lease commitments as at 31 December 2018 under IAS 17	\$'000 168,826
Weighted average incremental borrowing rate as at 1 January 2019	6.25%
Discounted operating lease commitments as at 1 January 2019	138,269
Adjustments as a result of a different treatment of extension and terminal options	68,586
Less:	
Commitments relating to short-term leases	(13,439)
Adjustments relating to changes in rates	(26,955)
Lease liabilities as at 1 January 2019	166,461

Notes to the Summary Financial Statements **31 December 2019**

(expressed in Jamaican dollars unless otherwise indicated)

3. Capital Management

The company's objectives when managing capital, which is a broader concept than the 'equity' on the face of the statement of financial position, are:

- To comply with the capital requirements set by the regulators, the Financial Services Commission (FSC);
- To safeguard the company's ability to continue as a going concern so that it can continue to provide an appropriate level of return for its parent as well as benefits for other stakeholders; and
- To maintain a strong capital base to support the development of its business.

Capital adequacy is managed and monitored by the company's management, the Audit Committee and the Board of Directors and certified by the Appointed Actuary. The company seeks to maintain internal capital adequacy at levels higher than the regulatory requirements.

The primary measure used to assess capital adequacy is the Minimum Capital Test (MCT) which is used by the FSC to determine the solvency of the company. The minimum standard stipulated by the Regulation 17(4) of the Insurance (Actuaries) (General Insurance Companies) (Amendment) Regulations, 2013 is that a general insurance company shall have a minimum MCT percentage of 250%. This information is required to be included in the company's annual returns filed with the Financial Services Commission (FSC). Under Section 15(1) of the Insurance Act, 2011, the FSC may cancel the registration of a general insurance company if it is considered to be insolvent.

In January 2017, the Financial Services Commission (FSC) announced a measure to allow for the relaxation of the MCT ratio of 250% to 150% for a period of two years. The measure will reduce the amount of capital that he general insurance industry would need to hold for the purpose of meeting capital adequacy requirements. During this period of regulatory forbearance, the FSC will carry out a Quantitative Impact Study (QIS) to determine the optimal position for the MCT that balances growth and stability of the insurance industry. In this period, the amount of dividends paid to shareholders of the company should not exceed 50% of profit that was achieved for the previous year.

To qualify for the special provisions for relaxed MCT ratio, investment proposals must be approved by the FSC and commence within the 2-year window provided for in the January 2017 advisory. The company took advantage of this relaxation through an investment in a Business Process Outsourcing project, and as such, the FSC has granted forbearance on the MCT ratio requirement allowing the company to maintain a minimum MCT ratio of 235%.

The MCT of 232% at 31 December 2018 was due to a classification adjustment related to an intercompany balance. The minimum level required was achieved at 31 December 2019. The MCT ratio for the company for the years ended 31 December 2019 and 2018 are as follows:

0040

0040

	2019	2018
Actual MCT ratio	237%	232%
Minimum Required MCT ratio	235%	235%

The company has capital management requirements arising from its registration with regulators in the Commonwealth of Dominica and Turks & Caicos, which it has met. The company is also required to hold minimum levels of regulatory capital with its regulators in Turks & Caicos and the Commonwealth of Dominica which it has maintained.
